“UNITY AND DISCIPLINE”

ABSTRACT

This is the short summary of NCC program. As this was one of our academic activities, we were supposed to attend this patterns. The National Cadet Corps is the Indian military cadet corps with its head Quarters at New Delhi. It is open to school and college students on voluntary basis. The National Cadet Corps in India are a voluntary organization which recruits cadets from high schools, colleges and Universities all over India. The Cadets are given basic military training in small arms and parades. The officers and cadets have no liability for active military service once they complete their course but are given preference over normal candidates during selections based on the achievements in the corps.

INTRODUCTION

The NCC in India was formed with the National Cadet Corps Act of 1948. It was raised on 15 July 1948 The National Cadet Corps can be considered as a successor of the University Officers Training Corps (UOTC) which was established by the British in 1942. During World War II, the UOTC never came up to the expectations set by the British. This led to the idea that some better schemes should be formed, which could train more young men in a better way, even during peace times. A committee headed by Pandit H.N. Kunzru recommended a cadet organization to be established in schools and colleges at a national level. The National Cadet Corps Act was accepted by the

Governor General and on 15 July 1948 the National Cadet Corps came into existence. During the 1965 and 1971 wars with Pakistan, NCC cadets were the second line of defence. They organised camps to assist the ordinance factories, supplying arms and ammunition to the front, and also were used as patrol parties to capture the enemy paratroopers. The NCC cadets also worked hand in hand with the Civil Defence authorities and actively took part in rescue work and traffic control. After the 1965 and 1971 Indo-Pak wars the NCC syllabus was revised. Rather than just being the second line of defence, NCC syllabus laid a greater stress on developing qualities of leadership and Officer-like qualities. The military training which the NCC cadets received was reduced and greater importance was given to other areas like social service and youth-management.

MOTTO OF NCC

“Unity and Discipline” (Ekta aur Anushasan)

SELECTION OF NCC FLAG

In 1954 the existing tricolour flag was introduced. The three colours in the flag depict the three Services of the Corps, red for the Army, deep blue for the Navy and light blue for the Air Force. The letters NCC and the NCC crest in gold in the middle of the flag encircled by a wreath of lotus, give the flag a colourful look and a distinct identity. Each lotus represents one NCC Directorate (Dte).

Armed Forces Flag Day

Date: 07/12/2020

The Armed Forces Flag Day or the [Flag Day of India](#) is a day dedicated to India towards collection of funds from people of India for the welfare of the [Indian Armed Forces personnel](#). It has been observed annually in India on December 7 since 1949. Over the years, it has become a tradition to commemorate this day as an honor to the soldiers, sailors and airmen of India.

History

Immediately after India achieved independence, a need arose for the government to manage the welfare of its defence personnel. On August 28, 1949, a committee set up under the defence minister decided to observe a flag day annually on December 7. The idea behind observing a Flag Day was to distribute small flags to the general population and in return collect donations. Flag Day gains more significance as it considers that it is the responsibility of the civilian population of India to take care of the families and dependents of the armed forces personnel who fight for the country.

Significance and Purpose

The Flag Day is mainly observed to serve three basic purposes

- Rehabilitation of battle casualties
- Welfare of serving personnel and their families
- Resettlement and welfare of ex-servicemen and their families.

The Armed Forces Flag Day commemoration and the collection of funds through distribution of flags. It is a time for Indians to express its gratitude and appreciation to the current and veteran military personnel of India and to acknowledge those who died in service to the country.

On the Flag Day all three branches of the Indian armed forces, the [Indian Army](#), the [Indian Air Force](#) and the [Indian Navy](#), arrange a variety of shows, carnivals, dramas and other entertainment programmes to showcase to the general public the efforts of their

personnel to ensure national security. Throughout the country small flags and car flags in red, deep blue and light blue colours representing the three Services are distributed in return for donations.

Flag Day Fund

Those funds include

- Amalgamated Special Fund for War Bereaved, War Disabled and other ex-Servicemen/Serving Personnel.
- Flag Day Fund.
- St. Dunstan's (India) and Kendriya Sainik Board Fund.
- Indian Gorkha Ex-Servicemen's Welfare Fund.

Plastic pollution is the accumulation of plastic objects and particles in the Earth's environment that adversely affects wildlife, wildlife habitat, and humans. Plastics that act as pollutants are categorized into micro-, meso-, or macro debris, based on size.

CONTROLL METHODS

- I. Spread awareness about plastic pollution.
- II. Make reuse of plastic products
- III. Make use of biodegradable plastics.
- IV. Or make use of non-plastic bags I.e. (jute, leaf products or cotton cloth bag).
- V. Say no to plastic bags or make less use of it.
- VI. Throw the plastic waste into the dustbin.
- VII. Install dustbins near the public areas.
- VIII. Use sign board to keep awareness among the people. Etc.
