PRACTICALS

10 Hrs

1. ~~laboratory experiments~~ (test social theory)
2. field study

COURSE OUTCOMES

Overall, the increasing number of experimental studies in sociological research on educational inequalities and the evaluation of educational reforms over the recent years have motivated us to devote this focus issue to experiments in the sociology of education. We would like to inform the scientific community about existing experimental research in the sociology of education, as well as about its potential.

Report of Add-on course

Add-on course: **Sociology of Education**

Duration: 30 Hours

Started on: 22-08-2022.

Completed on: 31-10-2022

Name of the faculty: Dr. Gayatri

Total No of students admitted: 24

Total No of classes taken: 30

Total No of students benefited: 24

REPORT:

Study combines an experimental design with panel data, evaluating the effect of a counseling programme with the aim of facilitating college access among socially disadvantaged students. There is no positive effect of participation, but some features of the research design might have undermined internal validity. As such, the null effect does not conclusively demonstrate that the programme is ineffective.
