Report of Add_On course

Department of Physics conducted add-on Course for the interested students from 02.01.2019 to 27.03.2019. Around 32 students were enrolled for the course. After completing the course students were able to understand about the Solar energy and technologies included in the methods of storing energy during dark hours and also know the advantages like providing electricity to remote places. And commercial energy sources. Students have taken the benefits from the course.

Duration: 30 hrs

Started on: 02.01.2019

Completed on: 27.03.2019
