

OVERVIEW

Department was established in the year 1956 by Prof. R. Lalita. The Department is renowned for its academic excellence, discipline with overall development of the students.

The department flourished under the stalwart Prof. R. Lalita with the support and encouragement from management and her colleagues Prof. M .Narasimhamurthy and Prof .A. R .Satyanarayana. She developed the required infrastructure in the department and later on the department became full-fledged with the entry of Prof. Subramanya, Prof .Raghavendra Jegarkal, Prof. Venkatesh, Prof .Purushottamacharya and Sri. Husenappa there by enable the department to run the degree classes.

Mathematics was introduced initially into the curriculum both as a major and minor subject .Now it is one among the two optional of UG course. During the academic year 2020 NEP has been introduced. According to the NEP semester wise programme, Mathematics as a major subject attracts the largest number of students.
